

A Presentation  
of the  
Foundation Stone Meditation in Eurythmy  
at Michael Hall School, Forest Row  
**Saturday 24<sup>th</sup> April 2010 at 7.30**

As you have read in previous newsletters, the North of England Foundation Stone Meditation Eurythmy Group has been working with John Watson and his team developing the relationship between eurythmy and a new way of lighting and staging this verse.

The group has been fortunate in being able to present this in various venues around the country including Botton Village, The Pennine Community and at the opening of the new school hall at Wynstones. Gerhard Meyer of the Bristol Anthroposophical Group wrote after seeing it at Wynstones: *"Many thanks to all for this special event, for the courage towards breaking new ground. Do try and arrange this in your area: it has a most enlivening effect!"*

Both the North of England group and the English Foundation Stone Group have been invited by Sergei Prokofieff to perform the Foundation Stone Meditation at the Goetheanum in May 2010 as part of the conference entitled: "The Christological Foundations of the Christmas Conference 1923/1924 and its consequences." He has been a great supporter of this new initiative and it is a very exciting event for the development of new lighting for eurythmy!

Members of both groups will also join with the Goetheanum stage group in an evening performance during the conference.

As preparation for the performances in Dornach both groups will be working at Michael Hall School with lighting and rehearsing on the big stage there. Michael Hall has very generously reduced their usual fees to support this endeavour and we are very grateful for this kind gesture.

As you will appreciate, the cost of transporting the curtains and lighting, not to mention the eurythmists and speakers etc. depends on outside funding and we are continually grateful for those who have supported us in the past. All participants do this work without pay or reimbursement for work lost.

Both groups, however, have now run out of funds so as a part of our working time at Michael Hall we would like to thank the school and community – and at the same time raise some funds to cover our costs – by giving a "preview" of the evening presentation/demonstration of the Foundation Stone Meditation with the new lighting together with some of the items from our evening performance in Dornach.

There will be a retiring collection with a suggested contribution of £10 per person to help cover our costs.

If you can support this work in any way – by coming along on the evening; telling your friends about it; or sending a donation we will be very grateful and happy to see you!

Many thanks,

Melissa Harwood  
For both Groups
